SIMPLE WAYS TO BRING THE LESSONS HOME...

MORNING TIME

This month when you go into your child's room, say, "God made the sun and sky so blue. God made me, and God made you!" Tickle your child when you say, "you."

PLAY TIME

Make a family collage together of all the things God made. Cut pictures from magazines or print them from a computer and glue them to a piece of construction paper. Write the words, "God made it!" at the top and put it on the refrigerator.

DRIVE TIME

Since God made everything, let's turn Drive Time into a fun game of, "Look What God Made!" First, place your Creation Station hanging card on your rearview mirror. As you drive along, take turns naming things you see by saying, "God made the (name what you see.)" Then, see if you can name what day it was made. Look at your Creation Station hanging card to check your answers. Soon you'll be a creation pro!

BATH TIME

Help your child count his/her body parts during bath time. How many eyes did God make? One, two. How many fingers did God make? One, two, three ... ten! How many ears did God make? One, two. Continue doing this as long as your child is interested. End bath time by reminding your child that God made people, and He loves us very much.

CUDDLE TIME

Cuddle up with your child and pray, "Dear Father God, It is so amazing to think about how You made everything. Please help us to take a day to rest and worship You, enjoying all the things You made. Help us to work hard when it's time to work and then rest when it's time to rest. I pray tonight You will give (*child's name*) good rest. Help him/her to never forget that You created the heavens and the earth. We love You, God. In Jesus' name we pray. Amen."
